PROFESSIONAL SUMMARY

Motivated software developer with 2 years of experience in designing and developing web applications leveraging multiple APIs, third-party integrations, and databases. A firm believer in a mobile-first approach with experience in developing engaging user interfaces underpinned by rigorous testing and debugging activities. Recently completed the ServiceNow bootcamp and gained valuable experience participating in ITSM, System Administration and Scripting projects. Effectively able to work independently as well as collaborate in a team setting.

KEY COMPETENCIES

- Programming Languages: HTML5 & CSS3, JavaScript, PHP, C, SQL
- Frameworks and libraries: Bootstrap, ReactJS, Redux, jQuery, NodeJS, Express.js, Material UI, React Hook Form, React Router Dom, Yup, Jest.
- Database: MySQL, MongoDB
- Others: OAuth2.0, HTTP, AJAX, Restful APIs, third-party API, Git, JSON, Postman, Unix, Shell Scripting
- Time management, customer service, team-work, problem solving skills.
- Languages: English, Vietnamese

EDUCATION

- | | |
|--|---|
| • Micro Certificate of Service Portal
ServiceNow – Completed 2023 | • Micro Certificate of Flow Designer
ServiceNow – Completed 2023 |
| • Certificate of PHP Web Development
Khoa Pham Academy – Completed 2021 | • Certificate of Full Stack Development
Udemy – Completed 2020 |
| • Certificate of Frontend Development
Khoa Pham Academy – Completed 2020 | • BA Degree of Environmental Engineering
Technology University – Completed 2008 |

PROFESSIONAL EXPERIENCE

42 Coding School | <https://www.42adel.org.au> | SA, Australia

Jan 2023 - Feb 2023

Volunteer Mentor

Key responsibilities:

- Offered guidance on enhancing soft skills, including collaboration and time management, to foster a productive and harmonious work environment.
- Provided comprehensive support and mentorship to students in their programming projects, specifically focusing on the development and improvement of projects using the C language.
- Maintained proactive communication with students and fellow mentors, fostering a collaborative atmosphere to optimize the learning experience for students.

EPAM | <https://www.epam.com> | Vietnam

Feb 2022 - Jul 2022

JavaScript Developer, Intern

Key responsibilities:

- Created and optimized dynamic web applications using cutting-edge technologies such as HTML5, SASS, JavaScript, ReactJS, and Redux.
- Built robust NodeJS servers and efficient APIs, leveraging MongoDB and RESTful architecture to ensure seamless data management and retrieval.
- Integrated with leading third-party APIs, including Google, Facebook, Twitter, and The Database Movie, to enhance functionality and user experience.

Projects:**Responsive Movie App:**

- The app aimed to create a Netflix-like streaming service by seamlessly integrating The Database Movie API. Notable features included user profiles, login/register functionality, a diverse selection of movies/TV shows, advanced filtering and search options, and detailed information for each title.
- **Technologies:** ReactJS, HTML, SCSS, TMDB API, Redux Tool Kit, Redux Persists, React Router, Material UI, Responsive Design and Cross-platform/device compatibility
- **GitHub:** <https://github.com/Huynh-Vy/EPAM-ReactJS>

Building NodeJS API:

- Developed RESTful APIs with versatile functionalities, including:
Interacting with file systems;
Facilitating user authentication and user's note management;
An UBER-like service for freight trucks, which helps people get their merchandise delivered and helps drivers to locate loads.
- **Technologies:** NodeJS, RESTFUL API, ExpressJS, MongoDB, Swagger, JOI, MVC Model, JWT, JSON, Postman
- **GitHub:** <https://github.com/Huynh-Vy/NodeJS>

Career Break | Vietnam**2016 - 2022**

Following the birth of my child, I took a career break to prioritize my family responsibilities. During this time, I honed essential skills in time management, organization, and multitasking. I seized opportunities for professional development, completing online courses, attending industry conferences, and undertaking personal projects. These experiences enabled me to stay abreast of industry trends and enhance my IT expertise included: The training courses that I attended during my career break included:

- Frontend Web Development.
- PHP Web Development.
- Full Stack Bootcamps (ReactJS and NodeJS).

Projects:**Community Landmark App:**

- Developed a MERN application utilizing ReactJS, NodeJS, MongoDB, and Google API. The app enables user registration, login/logout, location tracking, and the ability to leave and view reviews for different locations
- **Technologies:** ReactJS, NodeJS, ExpressJS, MongoDB, HTML, SCSS, Material UI, Google API, Responsive Design
- **GitHub:** <https://github.com/Huynh-Vy/community-landmark-app>

Secret App:

- Developed a NodeJS application with ExpressJS framework, EJS templating, and OAuth 2.0. Key features included user authentication with username/password or via Google, Facebook, or Twitter, as well as the ability to store and view user secrets and shared secrets
- **Technologies:** OAuth 2.0, NodeJS, ExpressJS, Robo3T, PassportJS, EJS
- **GitHub:** <https://github.com/Huynh-Vy/SecretsApp>
- **Video Demo:** <https://www.youtube.com/watch?v=jfG99Y3X0KE>

Ashion – Ecommerce website

- An application developed using PHP, MySQL Database, and MVC Model. Key features included an admin panel for managing customers, product catalog, and shopping cart, along with a front page for product listing and order processing
- **Technologies:** PHP, MySQL, Ajax, MVC model, HTML, SCSS, jQuery, Bootstrap.
- **Github:** <https://github.com/Huynh-Vy/Ashion>
- **Video Demo:** <https://www.youtube.com/watch?v=VZNZaOcTs0A>

DKSH | <https://www.dksh.com> | Vietnam**2012 - 2016****Telemarketing Executive****Key responsibilities:**

- Effectively managed the CRM program, DKSH Privileges, to drive customer engagement.
- Generated new sales opportunities by leveraging outbound call center services.
- Developed and executed targeted marketing activities tailored to client demands and budgetary considerations. Ensured customer satisfaction and loyalty by consistently following up with existing and potential customers.

Mead Johnson Nutrition | <https://www.meadjohnson.com> | Vietnam**2009 - 2012****Brand Executive****Key responsibilities:**

- Led packaging development efforts for new product launches, ensuring products were presented in an appealing and effective manner.
- Oversaw a wide range of marketing activities, including outdoor events, seminars, press events, media advertisements, and more to drive brand awareness and engagement.
- Collaborated closely with the Finance Department to allocate budgets for the brand team, managing resources effectively to maximize impact.

University of Technology | <https://oisp.hcmut.edu.vn/en> | Vietnam**2008 - 2009****Laboratory Staff****Key responsibilities:**

- Conducted comprehensive experiments and tests on wastewater samples, ensuring accurate analysis and reliable results.
- Performed meticulous upkeep and maintenance of laboratory equipment and supplies to facilitate smooth experimentation processes.
- Analyzed experimental data with precision and delivered insightful reports, providing valuable information for further evaluation and decision-making.
